First 108 players registered and paid will
participate.

Reel Recovery was founded in 2003 by a group of avid fly-fishers, inspired by their fishing buddy's ongoing battle with brain cancer. Witnessing first-hand the beneficial impact fly-fishing provided their friend, the group created Reel Recovery to provide the same opportunity for other men battling the disease.

"I discovered that while fly-fishing, I was in another place. In this place there was no cancer, no pain and no fear."

RETREAT PARTICIPANT

Reel Recovery is a national non-profit organization that conducts free fly-fishing retreats for men recovering from all forms of cancer. Combining expert fly-fishing instruction with directed "courageous conversations," the organization offers a unique experience for men with cancer: a time to share their stories, learn a new skill, form lasting friendships and gain renewed hope as they confront the challenges of their recovery.
